Participants Testimonials

Thank you for hosting such a high-quality conference. It was an excellent atmosphere for us to obtain new knowledge and experience, as well as for networking. Thank you for uploading the presentations as well.

Khurshid Suyunov
UZTELECOM

For me, it was refreshing to have the event organiser set up these meetings and assist to the extent you did. All the meetings I had were good introductions to key agencies from the region and were very useful.

Simon Casey
SatVu

STAR.VISION

Thank you all from Dialogue Event for arranging the STC event. We are looking forward to next year's STC in Baku.

Yiwen Lin
STAR.VISION

It was a real pleasure for us to take part to the conference . We found the event very rewarding and look forward to continuing our collaboration in future editions. Thank you again for this wonderful experience!

Senegalese Agency for Space Studies

Thank you to everyone who participated in the Space Technology Conference | CENTRAL EURASIA STC 2024 in Turkey. We are thrilled to have been a platinum sponsor for this event.

Following three action-packed days of discussions, panels, and collaborations, we want to express our sincere gratitude to each participant for their invaluable contributions and enthusiasm. We also extend our thanks to the Türkiye Uzay Ajansı for hosting us. With the support of all our stakeholders, Space Technology Conference STC 2024 has been a truly memorable experience.

Plan-S Satellite and Space Technologies

We have wrapped up a highly successful Space Technology Conference CENTRAL EURASIA in Ankara from April 24th to 26th As a Digital Umbrella company, we are highly encouraged by the enthusiastic engagement of companies involved in the exploration of advanced satellite technologies. Productive discussions, exciting prospects, and valuable networking have set the stage for our future endeavors. We eagerly anticipate next year's gathering in Baku.

Digital Umbrella

Huge thanks to Julia Romanenko for orchestrating such a remarkable gathering! The diversity among the attending space agencies set this conference apart, showcasing a level of collaboration rarely seen elsewhere. Take a look at the sponsorships, spanning from America to China, Turkey to Uzbekistan, and the UK—this is the essence of what space events should embody: global cooperation.
